

BattView Matters Project

Support Services in Charleville

The Foróige SKY Youth Project is open 5 days a week and is run by Youth Officers. We work with young people aged 10-18 years of age through a variety of personal & social development programmes. We develop and facilitate programmes according to challenges that may arise for the young person. Such challenges may include but are not restricted to: social anxiety, anger

management, self-care, resilience & coping mechanisms, health & well-being etc. We use an array of media to engage young people in these programmes such as Art, Cooking, Fitness, and Chat & Chill out that appeal to the young people who participate.

Care, Education, Family, Community

Respond Support offer family supports in the following areas, providing information, advice and support to families, providing family support programmes for parents and children, education and training opportunities and childcare and other child centered services. Respond Housing residents have direct access to these supports.

In Charleville, we are working with other organisations on a collaborative community and family support project on the North side estates in the town. **For more information on this or other Respond Support Services, please contact Margaret Fenton on 087 7762977.**

Any individual who contacts Coiscéim seeking counselling is offered an initial assessment. We do not, however, provide addiction treatment of any kind. There are times where a referral to other specialised services may best suit your situation e.g. addiction treatment centre or community based treatment

programmes, psychiatric support, advocacy etc. This type of referral would only take place with full consultation with you. Counselling supporting can also be offered to couples, Adolescents, Children and some access to family counselling. Phone 021 4666180 / 087 7998602

We are a community led local development company, working to support communities, families, individuals and business. We provide supports in the following areas:

Enterprise & Employment, Lifelong Learning, Culture, Tourism and Heritage,

Community Development, Children, Families and Well Being, and Environmental Sustainability.

Tusla

Tusla, The Child and Family agency, has developed the Meitheal approach to help children and families where they may need the support of more than one service. Meitheal is a way of working with children and their families to

identify and respond to their strengths and needs in a timely way. Meitheal brings together people and services who can support a child or parent to get the help that they may need. You may already be getting support from different services but finding it difficult to deal with all of them at once, Meitheal brings everyone together. The kinds of services that might be involved in Meitheal are schools, youth services, family resource centres and medical services. If you feel that your child has additional needs or is facing challenges that are difficult to overcome, Meitheal may be able to help you.
